

Wamame Foods Ltd. Announces Appointment of Chief Operating Officer, Trent Thibert.

VANCOUVER BC, May 3, 2023, Wamame Foods Inc. (the "Company" or "Wamame") is pleased to announce the appointment of Mr. Trent Thibert to the position of Chief Operating Officer.

Trent Thibert joined Wamame Foods in January 2022 as the Vice President of Sales and Operations and has led the company's development in supply, logistics, infrastructure, production capacity, distribution and sales since that time. During this period Trent integrated with all facets of operations and logistics building the foundations for a new company's success.

Trent brings over 20 years of senior management experience in the food industry including time with Nestle, Happy Plant and Chocxo Chocolates specializing in bringing innovative products to scale. He brings an entrepreneurial perspective to the business and believes that food companies can attain rapid growth only through the creation of high performing teams and partners guided by a consumer first strategic vision.

"We are excited to appoint Trent as our COO" commented Jarrett Malnarich, CEO of Wamame Foods. "Trent has the experience needed to launch our premium plant-based products by developing and supporting our supply chain partners while meeting our customer expectations. Trent has been with Wamame for over a year and has been key in developing the company's operations and logistics success to date. His experience makes him a valuable asset as we scale and optimize our go-to market model and drive the company to new levels.

About Wamame Foods Inc.

Wamame Foods Inc. based in Vancouver BC, is focused on the development and distribution of innovative, premium plant-based Japanese-Asian meat alternatives. To date, the Company has created and launched Waygu™, a brand representing the highest quality of plant-based meat alternative products. Wamame's products are targeted at a growing common core consumer group referred to as "flexitarians" in the industry, that is an individual looking to substitute animal proteins in their diet with plant proteins. The Company tests and validates its products in high-end, top-rated restaurants around the world and brings them to market through diversified national reaching distribution network focused on "food service", private label and hospitality industry.
